SUMMARY

Specializing in MERN/Fullstack development. Proficient in JavaScript, React.js, Node.js, Express.js and MongoDB. Committed to crafting innovative solutions and thriving in team-oriented environments.

TECHNICAL SKILLS

HTML/CSS, JavaScript, ReactJS, BootStrap, Tailwind, Node.JS, Express.JS, MongoDB, Postman, C++, Data Structures, Algorithms, Problem Solving.

PROJECTS

Eat IT

A food ordering website, Developing with MongoDB, Express.js, React, and Node.js, leveraging Bootstrap for responsive design and UI components. We are performing API testing using Postman and Thunder-Client. Iteratively improving with regular updates and community feedback, As it's underdevelopment.

Book Store

[Link to Site](#)

MERN Stack with Tailwind CSS: Developed a fully functional bookstore website using MongoDB, Express.js, React, and Node.js, with sleek and customizable styling powered by Tailwind CSS making the Website Responsive. Performed API testing using Postman. Finally Deployed the project by using Vercel.

Quizify

[Link to Site](#)

Developed a dynamic Frontend Quiz App using React, HTML, CSS, JavaScript, Material UI, and React Spinners. The app features an interactive UI with narrated questions, smooth loading animations, and responsive design. Quiz data is stored in a JSON file for easy updates.

Currency Converter

[Link to Site](#)

Currency Converter Web App Created using HTML, CSS, and JavaScript. API Integration: Utilized public APIs for accurate exchange rates and Understood data flow. Dynamic Conversion: Real-time currency conversion powered by JavaScript and APIs. Deployed the project using Github

EDUCATION

Bachelor's Technology in Computer Science

(2021-Present)

Hindustan College of Science and Technology

Senior Secondary School

(2019-2021)

Dr. MPS World School

Secondary School

(2017-2019)

St. Francis Convent School

NON-TECHNICAL SKILLS

Communication, Adaptability, Teamwork and Collaboration, Leadership, Emotional Intelligence.

ADDITIONAL DETAILS/ACCOMPLISHMENT

Rated 5 Stars at [HackerRank](#) in C++ and Problem Solving.
